Monday, 7 October 2013

### **August 2013's monthly index of economic activity, IMACEC**

According to preliminary information, in August the IMACEC increased 4.1% over the same month a year before. The seasonally-adjusted series rose 0.7% with respect to the previous month and 4.4% in twelve months. The month came with one working day less than August 2012.

The result reflected, mainly dynamism of mining and trade activities.
