November 2010's Monthly Index of Economic Activity, IMACEC

According to preliminary information, last November the IMACEC increased 6.2% over the same month a year before. The seasonally-adjusted series rose 1.3% with respect to the previous month, while the cyclical trend series recorded an annualized expansion of 5.3%. The month came with the same number of working days as November 2009.

The result of the month reflected mainly growth in the Retail, Transportation and Communications activities.
