

PRESS RELEASE

Monday 7 March 2014.

February 2014's monthly index of economic activity, IMACEC.

According to preliminary information, last February the IMACEC rose 2.9% over the same month a year before. The seasonally-adjusted series increased 0.2% with respect to the previous month, and 2.5% in twelve months. The month came with the same number of working days as February 2013.

The result reflected, mainly, dynamism in the mining and retail sectors.
